

NGXP Technologies  
Next Generation Experience

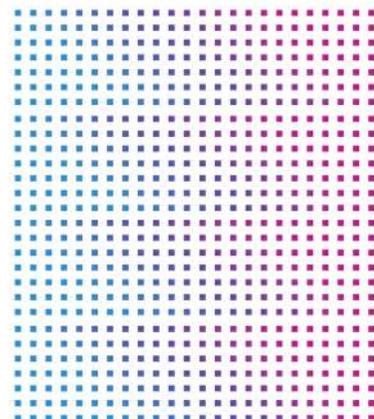

NGXP FOR BANKING,  
**FINANCIAL SERVICES**  
**& INSURANCE**

BANKING

50%

75%

Banks, insurers, and fintech platforms handle large volumes of onboarding, KYC, lending, underwriting, claims, and compliance tasks. When these depend on manual checks or legacy systems, turnaround slows and operational risk increases. NGXP helps financial institutions digitize these workflows through AI automation, secure mobile apps, and reliable, compliance-ready technology.

## WHAT NGXP DELIVERS

### AI-DRIVEN FINANCIAL WORKFLOWS

Lending, policy issuance, underwriting, claims automation.

### MOBILE ONBOARDING & FIELD OPS

Offline apps for agents, surveyors, loan officers, collections.

### SECURE BFSI INTEGRATIONS

Core banking, insurance engines, payments, Account Aggregator, CKYC, Aadhaar, PAN.

### RISK & OPS DASHBOARDS

Loan pipelines, compliance tracking, branch productivity, fraud signals.

### 3D/VR COMPLIANCE & SALES TRAINING

Interactive learning for claims, risk, and regulatory awareness.

### COMPLIANCE-READY ENGINEERING PODS

Secure DevOps, audit trails, encryption, milestone-based delivery.

# NGXP BFSI STRENGTHS

## TECHNICAL CAPABILITY

- ✓ AI checks for documents & fraud
- ✓ Offline-first apps for field users
- ✓ Strong API & middleware skills
- ✓ Encryption, identity, access controls

## RELIABLE DELIVERY

- ✓ QA built for accuracy & auditability
- ✓ CI/CD for safe releases
- ✓ Modular upgrades, not full rewrites
- ✓ Flexible engagement: pods, projects, fixed scope

## KEY BENEFITS FOR BFSI

- ✓ Faster onboarding & approvals
- ✓ Lower cost through automation & integrations
- ✓ Better fraud and compliance control
- ✓ Improved agent & branch performance
- ✓ Accurate, unified data for decisions
- ✓ Faster go-to-market for fintech products

NGXP accelerates financial operations with AI workflows, secure mobility, and compliant engineering.

**A TRUSTED PARTNER FOR FASTER,  
SAFER, SCALABLE BFSI GROWTH.**
